

WAKEFIELD DIOCESE

(Faith in Action Project)

CERTIFICATE CONFIRMING NO BANNED ARTICLES IN CONSIGNMENT

There are a variety of articles and substances that we must not include in our consignments. We are therefore asking that a signed copy of this certificate is handed over with each consignment of boxes that is delivered to our container store in Huddersfield. We will not accept boxes without a signed certificate.

1 FOOD: We are not allowed to include any food without special permission. This includes non-perishable items such as salt and sugar.

2 MEDICINES (BOTH LIQUID AND PILLS): We are not allowed to include any medicines without special authorisation to do so, and this would even include items such as pain killers etc.

3 INFLAMMABLE ITEMS: We are not allowed to include any inflammable items in our consignments. This would include items such as glue, paints, varnish, white spirit, even perfume etc.

4 HAZARDOUS OR CORROSIVE ITEMS: We are not allowed to include any hazardous or corrosive items. This includes batteries. Please do not include any items with batteries in them as these can corrode. If you include items such as torches, please remove the batteries and write "No Batteries" on the documentation so that we know that you have taken out any batteries.

5 PRESSURISED CONTAINERS: We are not allowed to include any pressurised containers such as spray cans, gas bottles etc.

6 MERCURY: We are not allowed to include any items containing mercury, such as thermometers. Mercury is very corrosive and must not be included.

7 LUXURY ITEMS: These may invalidate our charitable status. This would include items such as shampoo - although bars of soap are O.K.

8 ANY LIQUIDS: These may leak and spill onto boxes underneath.

9 UNDERWEAR: We are not allowed to include any items of second hand underwear.

I confirm that none of the above items or substances is included in any of the boxes in this consignment of boxes.
